**6. OPEN DISCUSSION/COMMENTS AND ANNOUNCEMENTS**

- a. Director Nason said that he will draft up event timeline of logically what the department needed to do each day. The biggest thing the department needed to focus on was everyone's class schedule. He said that he will draft that during the weekend and the committee can review it. Director Nason asked Gabriella Ortiz Flores if she would like a copy as well.

Gabriella Ortiz Flores said yes and thank you.

Director Nason asked if anyone had anything to say about Wolf Pack weekend. He also said that they could talk it more about it next committee meeting and that he talked to Athletics. Athletics will provide wristbands for the football game and they will have tables out for the department. With homecoming the amendment got approved and the only thing they needed to do was do the health and food training through web campus. He said he will figure out how to distribute that to everyone.

Programmer Zanotto said that he took the training module and that it was easy. He said that he thought ASUN had to put it through your web campus.

Director Nason asked Programmer Figone if he took it.

Programmer Figone said yes and he failed it. He also said that that the module gives you one try with 5 questions. He said he tried to contact people about the training.

Director Nason said he could figure that out and he took it for IFC and should be good for that. Additional for homecoming the committee had to rent out that space. He asked the committee if anyone had additional information about Homecoming. He thought one thing that was cool about the homecoming game was there is going to be a basketball game on the Virginia Street gym. They are only letting 200 students in so it does not get to capacity. The athletic department told him that so it should be kept on the down-low and that was not something that should be going around. He said that they may do a raffle during the homecoming game and 50 students will be able to attend. He asked again if anyone had anything about homecoming.

- b. The programmers did not request the floor to talk.

#### **7. PUBLIC COMMENT**

- a. Gabriella Ortiz Flores asked about information about the programming interns. She also asked about when they should hire a programming intern.  
Director Nason said that he had been collecting data and reviewing applications. He also said that they should be doing interviews next week.

Gabriella Ortiz Flores said perfect, thank you.

#### **8. ADJOURNMENT**

Director Nason adjourned the meeting at 2:37 pm.
