Date: Tuesday, December 5th, 2017

Topic: Use of Capital Funds to Replace and Repair ASUN Resources

To President Teixeira, Senator Kuykendall, and the Senate of the Associated Students:

I am requesting that you allocate \$1,416.69 from the ASUN Capital Fund to replace and fix ASUN Center for Student Engagement resources. Recognized clubs and organizations, the Center for Student Engagement, and other ASUN departments regularly use these resources. The ASUN resources purchased would benefit the entire Association by developing programming for the entire university community. In addition, these resources typically last for 4+ years, which qualifies them as a capital expenditure.

In coordination with Coordinator Damato, I recommended this expenditure allocation because many resources are damaged—some damages rendering a few resources unusable—and usage data shows that the first 5 item requests for resources below belong in “top 5 usage” category within our data. Sandy Rodriguez, the Director of the Center for Student Engagement, recommended that we purchase two bullhorns, two rechargeable batteries, six channelizer cones, and six cone bases. She and I agree that these items can be effectively utilized for demonstrations, picketing, or democratic engagement opportunities. In addition to these reasons, the Department to my knowledge in the past 3 years has not conducted a proper audit of Center of Student Engagement resources; such an audit would coincide with the Department’s goals and initiatives for this year.

Best regards,

A handwritten signature in cursive script that reads 'Jared Desamero'.
