The Senate strives to promote transparency, accountability, and accessibility in the Associated Students while ensuring that student resources are allocated responsibly to support initiatives that enhance the student experience and advance the needs of the University community.

Total account allotted dollars as of most recent approved ASUN budget: \$153,012.50

Description of events/programs/services provided and their attendance or impact:

Convening of the 94th Senate of the Associated Students - The 94th Session Convening Meeting of the ASUN Senate marked the ceremonial beginning of the new legislative session and the inauguration of the Association's elected leadership. The event featured inaugural addresses and the swearing-in of the ASUN President and Vice President, as well as the election and swearing-in of the Speaker of the Senate. The Senate expended \$984.00 for the rental of the Joe Crowley Student Union Ballrooms and catering services provided by Silver & Blue Catering. The Ballrooms provided a formal setting with sufficient capacity to accommodate a large audience for this significant occasion. This expenditure supported an important tradition of the Association, encouraged student and community engagement in the democratic process, and celebrated the peaceful transition of leadership within the Association.

Coffee With A Cop - Coffee With a Cop is a semesterly event hosted by the University Police Department – Northern Command (UPDNC) that provides students, faculty, and staff with an opportunity to engage with campus law enforcement in an informal, welcoming environment. The ASUN Senate allocated \$150 from its Outreach account to support the Fall 2026 event, held on October 8 outside the Joe Crowley Student Union. The event is intended to strengthen relationships between students and campus police, promote transparency and mutual trust, and increase awareness of important campus safety resources, including campus escorts, victim advocacy, and safety training programs. Through this

sponsorship, the Senate supported community engagement and collaboration with UPDNC while reinforcing its commitment to student safety and well-being.

S'more Than a Fright - S'more Than a Fright was a student engagement and educational event hosted by NevadaCARES on October 15, 2026, in the Joe Crowley Student Union Ballrooms. The ASUN Senate supported the event through a proposed allocation of \$199.66 from its Outreach account to provide refreshments, including s'mores and hot cocoa, as well as event supplies. The event aimed to educate students about the warning signs of unhealthy relationships, connect them with campus resources, and encourage meaningful peer engagement in a welcoming environment. Through this sponsorship, the Senate sought to support relationship safety awareness, promote student well-being, and strengthen connections between students and campus support services.

Trick-or-Treat With Senate - Trick-or-Treat with Senate is a student outreach event scheduled for October 28, 2026, on the Knowledge Center Lawn at the University of Nevada, Reno. Organized by ASUN Senate leadership, the event will provide students with free Halloween candy and cookies while creating an informal, welcoming opportunity to engage directly with their elected student representatives. The Senate has proposed allocating \$89.95 from its Outreach account to purchase refreshments and necessary event supplies. The event aims to increase awareness of the Senate's role in representing students, encourage conversations about campus concerns and legislative initiatives, and inform students about opportunities to contact their Senators and participate in student government. Through this initiative, the Senate seeks to strengthen relationships with its constituents, improve accessibility and visibility, and foster greater student involvement in the Association.

ASUN Food Access Fair - The ASUN Food Access Fair was a student outreach event held on October 9, 2026, on the Knowledge Center Lawn at the University of Nevada, Reno. Organized by ASUN Senators in collaboration with campus and community partners, including the University's Desert Farming Initiative and Reno Food Systems, the event aimed to address food insecurity by providing students with free, fresh produce and information about food assistance resources available both on and off campus. The Senate proposed allocating \$1,452.00 from its Outreach account to support the purchase and distribution of fruits, vegetables, and other food items. The event sought to provide immediate nutritional assistance to students experiencing food insecurity while increasing awareness of Pack Provisions and other available support services. Through this initiative, the Senate aimed to strengthen partnerships with local organizations, reduce barriers to food access, and demonstrate its commitment to addressing students' basic needs and promoting their overall well-being.

How did this spending further your mission statement? Expenditures from the ASUN Senate account directly supported the Senate's mission of representing and advocating for the University of Nevada, Reno student body through meaningful engagement, responsible fiscal oversight, and initiatives that address student needs. Funding for outreach events allowed the Senate to engage directly with students, strengthen relationships with campus and community partners, and increase awareness of important resources and services. Initiatives such as the ASUN Food Access Fair addressed food insecurity by providing free, fresh produce and connecting students with food assistance resources, while S'more Than a Fright promoted healthy relationships and awareness of campus support services. Coffee With a Cop encouraged positive interactions between students and campus law enforcement, and Trick-or-Treat with Senate sought to make student government more accessible by creating opportunities for students to connect with their elected representatives. Collectively, these expenditures reflected the Senate's commitment to addressing the diverse needs of the student body, fostering a safer and more supportive campus environment, and ensuring that student funds are directed toward initiatives that meaningfully benefit the University community.

Challenges encountered based on funding received: N/A

Planning and Recommendations

Have operations been steady/achievable thus far based on the funding received? Yes, we've had no issues so far.

Has there been a need for travel funding thus far? No.

What significant expenses are anticipated in the future? Senate leadership plans to organize one outreach event per month through March 2027, with each event anticipated to cost approximately \$100. These events will focus on increasing student engagement, promoting awareness of the Senate, and strengthening relationships between Senators and their constituents. Beyond these planned expenditures, future spending is difficult to predict, as the Senate Outreach account is shared among all 25 Senators, each of whom may propose initiatives or events to address the needs of their respective constituencies. As such, additional expenditures will depend on the outreach opportunities and initiatives brought forward throughout the remainder of the legislative session.

Account Metrics/Data

How many students have been served by your department thus far? How many students are regularly served per year? Providing an accurate estimate of the number of students served by the Senate, both thus far and annually, is difficult within the timeframe available, given the wide range of legislative, outreach, and constituent services undertaken by all 25 Senators. However, I will have a verbal response prepared with an estimate of the Senate's reach and impact for the financial review meeting.

Number of "assets" controlled by the account if applicable or any other data metrics? (e.g. number of vehicles for Pack Rides, number of campus clubs for Clubs and Organizations, etc.): N/A

94th SESSION

S. B. 94.22 -

**AN ACT TO USE CAPITAL FUNDS TO DEVELOP THE
ASUN ENDOWMENT FOR PACK PROVISIONS**

IN THE SENATE OF THE ASSOCIATED STUDENTS

OCTOBER 13TH, 2026

SUBMITTED TO THE SENATE OF THE ASSOCIATED STUDENTS BY SENATORS SAPORITO &
SCHERSCHHEL

SPONSORED BY PRESIDENT MOSS & VICE PRESIDENT CALDERON
CO-SPONSORED BY SPEAKER PRO TEMPORE EVANS, SENATOR RADKE, SENATOR BHARDWAJ,
SENATOR GIAMMONA WILBER, SENATOR CASTRO, SENATOR ESPINOZA

Section 01: The Functionality & Desire of Pack Provisions

Whereas, Pack Provisions serves as the campus food-pantry for all students, staff, and faculty facing food-insecurity; and

Whereas, Pack Provisions serves as one of the main-hubs on campus for basic-needs resources, serving perishable/nonperishable goods, hygiene products, meal swipes, SNAP education, and more¹; and

Whereas, Pack Provisions visits have risen from the facility's rebrand in 2015, increasing from **78 visits** during the 2015-2016 academic year, to **13,927 visits** during the 2024-2025 academic year²; and

Whereas, the numbers of Unique Visitors has increased in correlation with the number of Student Visits between 2015-2026; and

Whereas, Civic Engagement Surveys, such as the Spring 2024 Food Housing & Financial Security Biennial Survey³ has found that 33% of students report feeling food insecure; and

Whereas, this survey has also found more students feeling overwhelmed by debt, facing housing security and difficulty paying rent; furthermore, students facing housing or food insecurity are more likely to experience lower GPA scores and retention rates; and

Whereas, a student cannot be expected to perform at their highest academic level if they are worried about whether they will eat that night; and

Whereas, increases in cost-of-living have issued a greater demand for community-oriented programs such as Pack Provisions, with increased engagement with this program highlighting the growing need for student security is neither temporary nor being fully mitigated;

² [Nevada Sagebrush: UNR Students Face Food Insecurity, ASUN Seeks to Help – Malory Shaw](#)

³ [Reports and Surveys | Office of Student Persistence Research | University of Nevada, Reno](#)

Section 02: The Historical Funding Structure of Pack Provisions

Whereas, Pack Provisions has historically operated through a combination of grant-applications, donations, partnerships, and in-kind contributions; and

Whereas, while ASUN temporarily managed Pack Provisions in 2011, the facility has not received funding from ASUN for a multitude of sessions; and

Whereas, without a designated source of funding, Pack Provisions has used grant-applications and partnerships to fund General Costs included but not limited to:

- Fresh Produce & Hygiene Products
- Student & Facility Coordinator Wages/Fringe
- Basic-Needs Assistance & Educational Resources
- Marketing, Programming, & Operational Costs
- Facility Equipment & University Partnerships

Section 03: The Functionality & Desire of an ASUN Endowment

Whereas, providing an endowment for Pack Provisions would offer permanent financial support for the facility, ensuring that resources remain available to current and future scholars that enroll at the University of Nevada; and

Whereas, one of the main functions of the Associated Students regards maintaining a safe, secure, and comfortable environment for all students on campus regardless of their socio-economic standing; and

Whereas, developing an endowment will not only enshrine our current institutions' values, but it will also greatly assist in Pack Provision's mission of reducing food insecurity on campus; and

Whereas, developing an ASUN Endowment will allow the facility to more efficiently secure the items previously listed in **Section 02**, allowing them more opportunity to focus on daily operations and expansive policy;

Section 04: The Endowment Process

Whereas, the Foundation serves as the University of Nevada, Reno's gift & receiving organization, serving as a non-profit corporation that has secured financial support to the University since its establishment in 1981⁴; and

Whereas, the Foundation currently manages over 1,200 named Endowment Accounts; these Accounts are reviewed by the Investment Committee, which receives professional investment advice from Cambridge Associates⁵; and

Whereas, the Foundation's volunteer Board of Trustees and Investment Committee serve as the main managers for investment asset allocation within the University of Nevada, overseeing both inflation-hedging profile & broadly diversified portfolios; and

Whereas, the investment and spending policy for the ASUN Endowment would be administered by the Foundation in accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which are set forth in Chapter 164 of the Nevada Revised Statutes⁶; and

Whereas, the Foundation attempts to maintain or increase the actual value of their endowments annually by splitting their investments into a diverse portfolio of accounts, such as:

- 53.4% into Global Equities
 - World Stock Markets (VTI, VXUS, NASDAQ, FTSE, etc.)
 - Emerging (Brazil, China) & Developing (Germany, Japan) Economies
- 20.8% into Private Investments
- 3.2% into Real Assets
- 6.8% into Fixed Income
- 8.8% into Diversifying Strategies
- 7% into Cash (High liquidity, short-term interest)

⁵ [University of Nevada - Reno - Endowment FAQs](#)

⁶ [Asset Allocation | Giving | University of Nevada, Reno, NRS: CHAPTER 164 - ADMINISTRATION OF TRUSTS](#)

Whereas, as of July 1st, 2027, the Foundation will target a 4% aggregate annual distribution (**AAD**) for any endowments it oversees within the University. This percentage is based on the market value of the asset analyzed, with an additional 1% management fee on top of the initial distribution⁷:

With a \$100,000.00 endowment, the AAD would approximately be \$4,000.00
The management fee for the \$100,000.000 endowment would be \$1,000.00

Whereas, any market value earnings that exceed 5% would remain within the endowment account for further compounding. Excess accumulation may be the result of an increase in interest, dividends, realized gains, or unrealized gains:

Suppose over a particular period, endowment investments earn 8%
With a \$100,000.00 endowment, a targeted AAD of \$4,000.00 (4%) is gifted
Out of the \$8000.00 (8%) earned, another \$1,000.00 (1%) is taken via the management fee
The remaining \$3,000.00 surplus is allocated back into the Endowment for further gain
The account holds \$103,000.00 for the future allocation period

Whereas, calculation for the endowment's average market value is based on a 12-quarter basis to ensure a stabilized source of income without affecting the principal value:

Year and Quarter	Endowment Fair Market Value (FMV) (Assuming 10% inv. annual + no dir. inv.)	Distribution Paid (4% = Annual Goal, 1% Fee)
Y1Q1	\$220,000.00	---
Y1Q2	\$225,500.00	---
Y1Q3	\$231,137.50	---
Y1Q4	\$236,915.94 (before dist./fee%)	---
Y2Q1	\$225, 496.52	Y1 Eval. (\$9,135.53)
Y2Q2	\$231,133.93	---
Y2Q3	\$236,912.28	---
Y2Q4	\$242,835.09 (before dist./fee%)	---
Y3Q1	\$231,273.02	Y2 Eval. (\$9,249.66)

With context of the 12 Quarter Average Market Value, without including additional yearly contributions from the president. Interest is calculated nominally, skewing the margin of error to the right. Simplified.

Whereas, for the 12-month reporting period through June 30th, 2025, the Foundation had a net return of 11.3% for all assets, compared to their benchmark goal of 13.1%⁸; and

⁷ [University of Nevada - Reno - Endowment Scholarship FAQs](#)

⁸ [UNRF Board of Trustee Meeting Agendas](#) | Powered by Box

Whereas, within Quarter 4 for FY26, the Foundation's general portfolio returned 8.5%, compared with 7.5% for the Policy Benchmark. Aggregately, FY26 returned a preliminary 14.3%, compared with 14.6% for the Policy Benchmark; and

Whereas, during FY26, the Foundation recorded \$29.4 million in endowment purchases and \$17.6 million in distributions/fees. 88.4% of Foundation endowments have accumulated gains greater than 20% above cumulative contribution levels, while 97.2% made gains greater than 10%, and 99.4% held gains greater than 5%; and

Whereas, the previously listed illustrative example highlights the increase in Fair Market Value (FMV) throughout an economically stable period following that there is no further direct investment within this program; and

Whereas, permanent endowments are historically known to be continuously invested to maintain capital growth throughout periods of economic moratoriums; and

Whereas, as of 2026, Pack Provisions spends roughly \$40,000.00/year providing wages and fringe for the three student workers employed at the pantry (\$12.50/hr, 20hrs/week); and

Whereas, as of 2026, Pack Provisions currently allocates \$20,000.00/year to maintain its partnership with the Desert Farming Initiative; and

Whereas, as of 2026, Pack Provisions spends approximately \$1,200.00 on a single order from Wolf Pack Meats, with around \$7,000.00 accounting for half a year of beef supply; and

Whereas, making one singular investment into the ASUN Endowment will not effectively alleviate food insecurity on campus nor assist the food pantry within the long run; and

Whereas, consistently supplying funds into the ASUN Endowment is necessary for the continued development of Pack Provisions; and

Whereas, while an endowment serves as an effective source of stability for the pantry in the long-run, immediate and direct investment into the facilities is also required for the continuation of the pantry;

Section 05: President Rules & Responsibilities

Whereas, endowment average-market values (AMVs) are based on the values recorded within their three preceding years of growth; for newly developed endowments the AMV is calculated over the period it exists; and

Whereas, UPMIFA states that, for endowments which have accumulated growth for more than 3 years, if over 7% of their average market value is withdrawn within the same fiscal year, the State will issue a rebuttable presumption of imprudence; and

Whereas, being issued a presumption of imprudence comes with a mandatory testimony to state regulators to explain why excess funds were taken out during said fiscal year; and

Whereas, inadequate testimony may lead to an endowment being temporarily frozen or depleted by state regulators; and

Whereas, continuously investing into the ASUN Endowment will ensure no presumptions of imprudence are ordered from the state; and

Whereas, outlined in **Addendums A & B**, the President of the Associated Students will be held responsible for future investment into the ASUN Endowment via the Capital Fund; and

Whereas, the President will be responsible for investing a minimum of **2%** and maximum of **\$15,000.00** into the ASUN Endowment during their elected session. To ensure a stabilized source of funding, their percentage of investment will be based off the Fair Market Value (FMV) the endowment holds from the previous quarter; and

Whereas, CSE faculty will assist the President and their cabinet with managing future investments into the ASUN Endowment, with the President being properly updated on the quarterly reports of the endowment; and

Whereas, each Fiscal Year for the Foundation begins on July 1st and ends on June 30th of each succeeding year; and

Whereas, the president is responsible for allocating funds into the endowment by the third quarter of their elected fiscal year, with expected deadlines being listed in **Addendum B**; and

Whereas, failure for the President to allocate additional funds into the ASUN Endowment will require an explanation of their actionable absence to the Senate of Associated Students and Student News Organization, Sagebrush. If the delay in funds is due to the inaction of the Senate, both the Chair for the Committee on Budget & Finance and Speaker of the Senate shall report their explanation to Sagebrush;

Section 06: Capital Fund Request & Legacy Impact (PG00275):

Whereas, an appropriation of \$270,000.00 from the Capital Fund has been requested; and

Whereas, out of this request, \$220,000.00 will be appropriated to develop the ASUN Endowment, while \$50,000.00 will be transferred directly to Pack Provisions; and

Whereas, appropriating directly into the facility will ensure its continuation as investments gains develop from the endowment; and

Whereas, this endowment will serve as a lasting legacy ASUN can leave for all future scholars at the University of Nevada;
